BRECKENRIDGE NEWS.

WEDNESDAY, MAY 28, 1890.

STEPHENSPOET.

Dr. Coyn, of Dakota, is visiting old friends here.

A number of our young people will attend Barnum's big show at Louisville.

The Rev. Gregory, of the Christian church, delivered two sermons here last week.

Drs. Marshall and Goldstein and Mr. James Lay attended the races at Louisville last week.

Mrs. James Lay, who has been absent on a visit to her parents, in Newburg, Ind., for some weeks past, returned home Saturday.

Miss Mollie Claycomb closed her school here on Friday last week and so far as we know, gave perfect satisfaction to all her patrons.

Some of our young men called out a force of help and cleared the town cemetery of its thousand thistles. It is much improved in appearance, but it needs a new fence. That's right, young men, be ever engaged in good work. You all will want your graves kept green by and by.

Miss Jennie Chaycomb and a Mr. Williams were united in the holy bonds of wedlock on Wednesday night of last week. The ceremony took place at the Baptist church, Rev. W. C. Brandon, of Cloverport, officiating. The happy couple left immediately for Cloverport their future home.

Men of Judgement and Sense Did It.

A great many people ridiculed the idea of Cloverport making a donation to the R. R. for the benefit of the shops; but the men of judgment and sense up there insisted on doing it, and subsequent events have proved their wisdom. The pay-roll of those shops is now over five thousand dollars per month, and steadily increasing. It has added largely to the population, and will be the means of inducing manufacturing interests to locate there. This should be a lesson to Cannelton, and convince our citizens that they must do something themselves if they expect to attract outside capital and population.—Cannelton Enquirer.

Worth Knowing.

LOCAL BREVITIES.

"The man who reads the paper
And sponges as he goes,
Will never reach that happy land
Where milk and honey grows."
The L., St. L. & T. pay car passed down yesterday.

There will be several homes go up here next month.

L. D. Addison returned from Evansville last week.

Mrs. V. G. Babbage was in the city last week, shopping.

Mr. Jas. W. Chappell, of Union Star, has been granted a pension.

Born, May 23d to the wife of Mr. Will Barrett, Louisville, a daughter.

Tobinsport is shipping large quantities of strawberries to Owensboro.

Everybody's getting ready to go down to the Circus at Owensboro next Monday.

The L., St. L. & T. have added two handsome new coaches to their day trains.

H. L. Morton is at Addison, Ky., unloading the lumber for his roller mills. The walls are complete.

Life size portrait, in crayon or oil, from \$5 to \$30.—Mrs. Johnson's studio, in Singer machine office, Cloverport.

The new siding at Addison, Ky., is being put in with a large force of men and will hold several cars that will be in use this week.

The L., St. L. & T. railroad will sell tickets to the Democratic Convention for one and one-third fare or \$2.95 round trip from this city.

Mr. Alfred Oelze has bought the Cato Satterfield lot opposite Mr. H. V. Duncan's. He will tear away the old house and replace it with a neat cottage.

Rev. W. K. Piner, of Louisville, will lecture in the Methodist church at Webster Tuesday night, June 3d, for the benefit of the church. Everybody invited.

Mr. S. L. Sulzer is still lingering in Cincinnati, and shipping goods by the steamboat load. There are more novelties in dress goods this season than ever before.—Cannelton Enquirer.

Now let somebody take hold of the planing mill and keep the money at home that is sent away for building material. A planing mill rightly managed would be one of the best paying institutions in the town.

Mr. and Mrs. Alfred Oelze gave a delightful musical entertainment in honor of their daughter, Miss Ethel, Monday night. There were a good many young folks present and all seemed to have a jolly time.

All persons indebted to the old firm R. E. Moorman & Co., are requested to call and settle their accounts. All accounts not settled by June 10th will be placed in the hands of an officer for collection.

Peck's Bad Boy never could understand why people would doubt the virtue of Garter's chicken cholera cure, when it is a fact that the money will be refunded, if the remedy fails to give entire satisfaction, by G. W. Short.

Children's Day was appropriately observed at Fisher's Hall Sunday. The music was splendid and the recitations by the children were appropriate and well delivered. The program was interesting throughout and highly enjoyed by all.

The free show on the river bank, given by Mr. Chas. P. Blatt, the cannon ball catcher, on May 30th, is worth coming a hundred miles to see. Mr. Blatt being the only person in the world who dares attempt this reckless feat. Don't forget the day and date, Friday, May 30.

Mr. Anil Oelze has bought the vacant lot on Oak street, between Goff and Swiger, fronting 175 feet and running back 130 feet for \$175. He will build at once four neat cottages for rent. This is just the beginning of the building boom. Other parties are looking out for good locations and we may expect within the next thirty days the erection of twenty or more houses. Let the good work proceed.

Engine No. 25 ran into John Scott's team at the crossing near the pike just above town Monday evening, smashing the wagon to pieces, killing one mule and injuring his son, Logan, who was driving the team. The boy says in coming down the hill to the crossing the wagon made so much noise in running over the rocks that he did not hear the engine in time to check his mules. It was purely accidental and no blame is attached to either party.

Attention is called to Hon. D. Hambleton's card in this issue. Mr. Hambleton has opened an office, anywhere on the street, for the purchase and sale of real estate. There is no man in town better posted about real estate and its value than Mr. Hambleton. Persons having lots for sale as well as those who want to buy, cannot do better than to place their business in his hands. He is not a speculator nor a manipulator of schemes, but is working for the interests of the town. All he wants is a reasonable commission on business done.

Last week Hon. D. R. Murray had occasion to write Hon. D. Hambleton, of this city, on some matters connected with the soda-ash factory. As the letter contained some very good news in regard to the plant and was likewise of general interest to all our citizens, Mr. Hambleton took pleasure in showing it around. On the back of the envelope was written, apparently in Mr. Murray's hand writing, "Read last issue of North American Review," and everybody took it to refer to an article upon the subject of soda-ash and the special adaptation of this place to its manufacture. As a matter of course, all who saw the postscript were anxious to get the Monthly to see what it had to say, and there was quite a run made on the news stand for the "last issue of the N. A. R." When they called and found from the contents that there was nothing in it about soda-ash and Cloverport, it "wasn't the number," so the trick of the publisher in distributing the envelopes with his advertisement on the back did not accomplish the desired result.

Mr. and Mrs. A. B. Skillman gave an elegant reception at their handsome suburban residence last night in honor of their son, Mr. Chas. B. Skillman and his beautiful bride, nee Miss Mary Young, of Morganfield. An elegant lunch was served from 8:30 to 12 m. There were a number of guests present from Louisville, Owensboro, Morganfield, Holt and this city, and the event was a splendid success in every particular. The early hour at which we go to press prevents a more extended notice. We stop the press, however, to extend our congratulations and best wishes to Mr. Skillman and his accomplished young bride.

MEETING OF THE DEMOCRATIC COMMITTEE.

They Decide to Call a Convention to Nominate a Candidate for the Constitutional Convention.

The Democratic committee met in Hardinsburg May 24th, in conformity with a call of the State Central Committee, for the purpose of taking steps toward the manner of nominating a candidate for the Constitutional Convention. The following committeemen were present: B. F. Beard, J. D. Beeler, Hardinsburg; John Alexander, Burns; Judge Jas. Hambleton, Cloverport; Jno. Cooke, Custer; J. T. F. Owen, Rockvale; G. M. Barkley, Stephensport; G. S. Wilson, Hudsonville.

Next Mr. Beard read the following letter from the State Central Committee: "DEAR SIR:—The information reaches me that the Constitutional Convention Bill has been signed by the Governor, and is therefore a law. In consequence thereof it becomes important to at once take steps to nominate Democratic candidates for delegates to the Convention, to be elected at the coming August election. As the complexion of the Convention will be largely Democratic, consequently the Democratic party held responsible for the result of the Convention's deliberations, it becomes vastly important to the party, that able, wise and true men be selected by our party. If, therefore, your committee has not already, in anticipation of the passage of the law, taken steps to make a nomination from your Legislative district, the matter should receive your prompt attention. In this connection I beg to call your attention to the resolution passed by the last State Convention, which reads as follows:

"Party organization should be made as thorough as possible and party discipline everywhere enforced. To this end it is the sense of the Democracy of Kentucky, in State Convention assembled, that, in country, Legislative and municipal as well as congressional and State officers, candidates should be nominated by the party, and that it is the duty of all true Democrats, irrespective of all differences on other questions, to stand by the standard bearers thus set up."

This pronouncement emanates from the highest authority known to the party organization, and from it there is no appeal. I beg therefore to urge upon you a prompt compliance therewith, as it is the only course by which party organization can be maintained, party success insured and responsibility fastened. Respectfully,

M. D. Alford, Ch'm'n.

After a brief discussion of the important matter contained in the above letter from the chairman of the Democratic State Central Committee, it was moved by J. D. Beeler and seconded by John Alexander that the Democrats of Breckenridge county meet on Saturday before the third Monday in June, at the various voting places in said county to elect and instruct delegates to the county convention to be held in Hardinsburg the third Monday in June; said convention being for the purpose of nominating a Democratic candidate for the Constitutional Convention; each voting place to have one delegate to the county convention for every fifty or fractional fifty votes cast for Cleveland in 1888.

B. F. BEARD, Ch'm'n.
G. S. WILSON, Sec'y.

Illuminated.

The Mineral Center Gas Company has laid its main from Murray avenue along 3d street, passing the depot to High street down High street to the Cloverport Hotel and out First to Huston street. The company will lay branch mains to the upper Landing and to the foot of First street from the High street main, and to such other points as may hereafter seem advisable.

The thickly settled parts of the upper town will soon be thoroughly equipped with gas facilities. Stand pipes have been erected at various points along the line and the streets of the upper ward are brilliantly illuminated every night. Branch pipes will soon conduct the gas into the buildings from T's placed at convenient points for the purpose.

Our prediction of a year ago, that Cloverport would be the first town in Kentucky lighted and heated by natural gas, has now been verified. In a little while the lower town will be girded with mains and night will be turned into day in every part of our enterprising and advancing little city.

Strangers who visit us are taking in the situation and it is now generally conceded that the prospect of Cloverport's future is as brilliant as the glow of the gas-lights of our streets. Capital is beginning to recognize that there is a field for its successful investment. Its representatives are coming among us, and already the indications are unmistakable that the tide is turning towards us. Population is coming in force and the march of our progress has set in.

Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle domestic known.

NO, YOU CAN NOT

Put it off much longer. You have been waiting all this time for the weather to compel you to "put off" your winter suit, and get into something lighter in weight and more seasonable. Now is the time, and Julius Winter & Co.'s is the place. We have made up a grand assortment of Sack and Frock Suits in seasonable Woolens, and in every shape that the fashion plate calls for and the tastes of the people demand. We can fit any size or shape, and, in the matter of prices, we can suit any one, no matter how small his "clothing fund" may be. Come and see us at once, and don't run around among other houses and then, after having got yourself tired and worn out, come to us and find what you want. We want to save you all this trouble and vexation by asking you to come to "headquarters" at once, buy what you want, save money in the purchase, and go home happy. If we can not suit you in goods and prices, you will have to do without clothing.

UNION STAR.

The entertainment came off at this place on the evenings of May 23d and 24th as was advertised, and to say that it was a complete success in every respect, is not exaggerating. Each evening the people were entertained for three hours as the people of this vicinity were never entertained before.

Among the most important plays may be mentioned "Maude Irving," an operette in 3 acts. Part of the time during the presentation of this piece there was hardly a dry eye in the house. The Lord's Prayer—Chant—was received with such favor that it, with several others, was called for the second evening.

Cinderella, in 4 acts, was presented in almost a perfect form the second night and was received with great favor by the audience.

To mention any particular character would be injustice to the others and it is only necessary to say each character in each piece was presented in a way that reflects great credit on those that were engaged in it, and proves that there is good talent in Breckenridge county, that should be encouraged in every way that would tend towards its development.

A Sure Hog Cholera Preventive.

J. E. MOORMAN'S
Hog Cholera Preventive

Will prevent the ravage of Cholera on any farm stock, and, in some cases will cure Cholera, although we will not insure it to do so. It has been tried and thoroughly tested by many of the best farmers in Breckenridge and Hardins counties and has never failed. Below are the names of some of our farmers who have tested its merits: John Weaver, Dolph Jones, Big Springs; Bob English, Dr. C. Z. And, Oellison; Chas. Hardaway, Deweyville. Experience teaches us that Hog Cholera cannot be cured except in rare cases; so, it is merely a preventive which, if given according to directions, we warrant to preserve the health. It is put up in sacks at 12½ cents per pound. Twenty-five pounds will keep twenty-five hogs healthy for a year.
